Software Development
Full-Time Employment or Internship Program

Java / .NET / React

Open positions: 4

Company overview:

Axeltra is an outsourcing and software development provider present on the market since 2005. We have a staff of 130 employees and four office locations in two countries. We are looking for organized and highly motivated interns to join our international team. Our internship program provides hands-on participation on impactful projects and allows engaging and being mentored by great professionals in the field.

Your qualifications:

- Bachelor's degree (or student) in Computer science field.
- Software engineering skills.
- Basic knowledge or interest in learning Java / .NET / React.
- Excellent interpersonal communication and collaboration with our team of developers.
- Excellent English language skills – written and spoken.

We offer:

- Full-time paid job or Internship program depending on the knowledge level.
- An international, friendly and collaborative environment.
- Gain valuable skills and knowledge that will be the foundation for a successful career.
- For the interns who will participate in the internship program - Possibility for full-time employment

We are ready to meet you and discuss your career plans, apply now at jobs@axeltra.com
