

Open Call for Student Internship

Transformify Inc. a US startup company, incorporated by Macedonian co-founders, for its growth plans, is looking to initially get onboard creative and innovative students. We cultivate positivity, admire people who are hungry to learn, gain experience, want to improve constantly, and are willing to join our mission to accelerate the digital transformation of the world by challenging the biggest worldwide companies and their top developers.

We need reinforcement and fresh minds to take our product **Low-code platform for digital transformation** one step beyond the most demanding similar products on the global market. That is why we are opening a call for

3 (three) student internship positions

We encourage you to apply if you are in 3rd or final year of studies, and have a reasonable understanding of:

✓ **Object-Oriented Programming**

- Classes and Interfaces
- Data structures (List, Dictionary, Stack Queue) / LINQ
- Implicit-Explicit casting, Downcasting-Upcasting
- Use of generics

✓ **C# and .NET**

- Types (String, DateTime...) and operations using their methods
- Basic exception handling (try/catch)

✓ **Visual Studio**

- Basic debugging
- NuGet packages

✓ **Front technologies**

- HTML/CSS/Bootstrap

You will be working on:

Latest Microsoft technology stack
.NET 6
Web API
Blazor
Azure Cloud

The timetable of internship hours:

negotiable according to your agenda

What's in it for you?

Paid student internship
Excellent and cozy environment
State-of-the-art hardware equipment
Various benefits (free meals, coffee, refreshments)
Relax room

After the internship period, if both parties are satisfied with the achievements, we will be more than happy to invite you to continue the journey with us on a permanent employment basis and furthermore offer **options for equity** in our company.

Location

Our business premises in Macedonia are located on bul. Kuzman Josifovski Pitu No.15 (Neocom building, 5th floor).

If the above sounds challenging to your career aspirations, reach out and send us your CV at info@transformify.digital.
